

Pilot Outreach Position

Project Fact Sheet

February 2, 2016

- Job Description attached
- Schedule would include peak period, weekends, holidays.
- Off season work includes pilot outreach programs such as operator outreach, NAP development, advertising, trade shows, etc.
- Additional pilot incentive programs would be developed as time permits.
- Position would require travel to industry events and meeting with operators and flight departments.
- Additional data tracking for repeat offenders and also those who do a good job at reducing annoyance.
- Restructuring of Fly Quiet 1 & 2 incentives.
- UNICOM is safety and operationally driven, pilot outreach would enhance this without detracting from safety.
- Requires funding approximately \$80K full burden.
- May or may not modify operations numbers.

Ancillary Considerations of Position Creation

- Would free staff time from current employees who conduct pilot outreach. Staff can put more effort into fly quiet incentives, environmental mitigation programs, District communications, social media, and other projects on our implementation list as directed by the Board.
