

# Truckee Tahoe Airport District

## 2018 District Goals – General Manager Draft

(Not in order of priority)

1. Reduce annoyance and enhance safety by fully leveraging air traffic control services, extensive pilot outreach, and noise abatement procedures;
2. Continue to advance ADS-B/surveillance, charted procedure development, and permanent air traffic control tower in preparation for the 2020 ADS-B mandate;
3. Complete Hangar 1 and Executive Hangar projects on time and on budget. Complete Design, programming, bidding and Award contract for Hangar 2;
4. Complete Greenhouse Gas Emissions Reduction Plan and begin implementation of mitigation measures including solar power and other green initiatives;
5. Maintain existing and seek new community partnerships with local agencies and non-profits that benefit the District at large;
6. Recognize and support an engaged, happy, and productive District workforce;
7. Assure ALL employees are equipped with quality customer service skills and standards. Assure Noise Office has resources, tools, and training to be successful in responding to constituents;
8. Assure there is fair and equitable distribution of District resources, programs, funding, sponsorships, and partnerships to all areas of the District;
9. Be a leader and partner in efforts to solve the local workforce housing crisis.
