Subject: Public Comment on Agenda Item Regarding Alternate Runway
Date: Sunday, February 23, 2020 4:42:26 PM

To Board members and staff,

For the upcoming TTAD Board meeting on February 26,2020, I would like to submit a public comment that I would like read into the minutes pertaining to Agenda Item, Tab 06, Alternate Runway Alignment Review & Discussion. I will not be able to attend the meeting.

I strongly support the proposal for the Board to consider the alternate runway alignment as described in the "Alternate Runway Consideration Report" and the "New Runway Alignment Map". As a homeowner in the Prosser Lakeview neighborhood that has been negatively affected by airplane noise, I would like to see this proposal considered as a method to reduce noise and annoyance for affected neighborhoods around the airport.

Thank you for your consideration.
