Hi Lauren,

This individual stopped by in person earlier today. I let him know that if he wanted his comment shared with the Board that he would need to email it to you. He asked me to forward the below email to you on his behalf.

Thank you,

Jill

Hi Jill, unfortunately I will be out of town on the 26th, but can you let the board know my support to build more hangers and to allow multiple aircraft in one hanger. Our extended family has six airplanes and would like the flexibility of having a large hanger to store them depending on when the kids come and visit .

Thank You and the staff for always doing great work for the community!

Take Care, Ron

Hi Ron,

I hope your Friday is going well! In the past, I know you and I have discussed our larger T-hangers and Executive hangars. I wanted to let you know that at the next Board of Directors meeting for the Airport there will be a presentation on the feasibility of building more Super T-Hangars (door widths of 55+ feet).

The next Board Meeting is Wednesday, February 26 and starts at 4:30 p.m. The agenda and hangar study documents are posted on the website:

As you are aware, Board Meetings are open to the public and individuals can attend in

person to provide public comment on any item on the agenda. Public comment can also be submitted in writing ahead of the meeting as well. *All written public comments received by 4:30 PM on Tuesday before the regularly scheduled Board meeting will be posted on the District website and forwarded to District Board Members for their consideration at the meeting.* Written comments can be submitted to District Clerk Lauren Tapia at lauren.tapia@truckeetahoeairport.com. Public comment can play a significant role in the Board's decision regarding future projects.

If there is anything else I can assist with, please let me know. Have a good weekend!

Thank you,
