---

Hello Lauren,

My name is [REDACTED] I've been an alpha row hangar tenant for several years with our H130 helicopter until we upgraded to a larger twin engine helicopter and could no longer fit.

We have been on the waiting list for executive hangars but I just heard about the proposal for the Super T hangars that seem like they might fit our aircraft. I am including dimensional guides for our helicopter incase you are looking for considerations on certain aircraft sizes.

Anyway, if it provides us another option that would be great.

Thanks!
