

Flight Procedures Timeline

Today

FLIGHT PROCEDURES

1. Assessment Draft Complete: Staff and Consultant Team review and final edits
2. Assessment Public: Dissemination to Staff, Board, ACAT, Pilots, Community Members. Media promotion on website, blast, and email.
3. FP Consultant Team Presentation: Flight Tech Aero will present flight track options. Aviatirx will present outreach plan and strategy. BridgeNet will present environmental modeling
4. Pilot Outreach: Pilot stakeholders will assess notional procedures and provide technical feedback.
5. Begin Outreach: Public outreach will begin with virtual and in person meetings as permissible by conditions.
6. Track Approval: A final FP presentation will summarize community, pilot and technical feedback for the Board. Direction to Staff for final track approval and project authorization.
