- Item 1 – Upcoming Training/Conferences
- Item 2 – Ad Hoc Committee Updates
- Item 3 – Housing JPA Update
- Item 4 – Regional EMS Call Center
- Item 5 – Field House Study Opportunity Discussion
- Item 6 – Military Flyby Discussion
- Item 7 – AOPA You Can Fly Program
- Item 8 – Up Coming Meetings
- Item 9 – Rolling Agenda and Goals
- Attachments

Item 1 – Upcoming Training/Conference Opportunities

Most all travel and training opportunities have been postponed or cancelled through the end of the year due to COVID-19. It is unlikely our travel and training schedule will return to normal until sometime next year. CSDA cancelled the Annual Convention in September 2020 and is now planning for Monterey in 2021.

Item 2 – Ad Hoc Committee and Board Assignment Updates

Mountain Housing Council (MHC) Member Report - Directors Stephens

- Director Stephens will provide an update on activities of the Mountain Housing Council and other local's housing projects currently underway.

Item 3 – Truckee Tahoe Workforce Housing Joint Powers Authority (TTWHA) Update

I will provide a brief update on actions and activities of the TTWHA for the month of October.

Item 4 – Regional Emergency Services Call Center – Location Search.

California Office of Emergency Services (OES) Homeland Security Division has contacted the District seeking interest in potential properties on Soaring way for a regional call center that would provide dispatch services for various State agencies as well as local and regional fire districts. This is a preliminary site investigation inquiry to ascertain District interest in further exploration of our Soaring Way property for this type of facility.

Item 5 – Field House Study Opportunity Discussion.

The District has been approached by the North Tahoe Public Utility District and the Tahoe City Public Utility District assessing our interest in participating in a recreation facility needs assessment they are conducting for their districts. TTAD has been approached multiple times regarding using our existing buildings and hangars as a substitute for a traditional field house. We have also been approached various times regarding constructing a community field house for youth sports and other gatherings on airport properties. To address this frequent request

the 2020 Budget allocated \$15,000 for a field house study. The TCPUD and NTPUD would like to offer TTAD an opportunity to participate in the Study, potentially sponsoring the Field House portion of the Study they are conducting. Staff will provide additional information at the meeting.

Item 6 – Discussion Regarding Military Flybys

All branches of the US Military visit the Airport on a regular basis. Frequently they stop in for lunch, fuel, or to overnight while in route to their destination. Just about all these operations are in quieter fixed wing or helicopter aircraft. I feel confident in speaking for the District in voicing gratitude and support for all branches of the Military and want them to feel welcome at our Airport. That said over the past 2 months the Airport has seen various military aircraft flybys in some of the louder aircraft in their inventory such as an F-18 Hornet and three separate flybys by U2 Aircraft from Beale AFB. Staff felt some discussion may be in order as the community response to these flybys is varied. Various community members enjoy the flybys and let us know while others feel they are not appropriate for our community and cause unnecessary disturbance. Before Staff conducts outreach to the Military, some conversation regarding the District position on these flights is in order.

Item 7 – AOPA You Can Fly Program

Staff would like to briefly discuss the Aircraft Owners and Pilots Association You Can Fly Program. This program is a STEM based curriculum produced by AOPA to introduce and excite young people about careers in aviation. Staff is interested in approaching the School District to discuss option with this program for future School years. Please review the following link for additional information on this STEM program.

Item 8 – Upcoming Board Meeting Schedule

Board Meeting dates are as follows:

There may be a need for a special Board meeting in the second or third week of December to issue the Oath of Office for newly elected Board members.

- December 2, 2020
- January 27, 2021
- February 24, 2021

Staff will propose an early March Board Workshop for the new Board to meet, train, and discuss future District endeavors.

Item 9 – Rolling Agenda and Review of District Goals

We will review upcoming items, review Goals, and plan agendas for future meetings.
