## Item 2 – ACT Update

Our fourth Airport Community Team meeting was held on September 8, 2021. The theme of the meeting was Airplane Noise, what makes noise on an aircraft, and technology to make them quieter. We had 14 community members in attendance in addition to 8 staff and Board members. Attached is a Briefing of the meeting for a more detailed review of the meeting.

Our topic for October 13<sup>th</sup> will be a discussion about airport hangars. We will answer questions as to why doesn't the District build more hangars, can I lease property to build a private hangar, what is the process to lease a hangar, what are "Fly Quiet" incentives, how does the wait list function, and other questions related to airport hangars and hangar leasing. There will also be an opportunity for community members to interact with and ask questions with Airport Staff and Board Members in attendance.
