

TRUCKEE TAHOE AIRPORT DISTRICT BOARD OF DIRECTOR STAFF REPORT

AGENDA TITLE: Operations and Maintenance Department - Management Team Report

MEETING DATE: 2/23/2022

PREPARED BY: Dave Hoffman – Director of Operations and Maintenance

Item 1–Employee Retirement

I would like to inform the Board of the retirement of Roger Pynappel from the Operations & Maintenance Department. Roger has been a 21+ year employee with the District and has been a true asset during his tenure—helping the district with his broad and deep skill set countless times. In New Zealand, Roger developed his Master machinist skills with the Ford Motors robotics division. Traveling to the U.S., he operated an agricultural equipment in Williams California and then he worked as a Aerial tramway technician for Northstar at Tahoe. As an avid Ultra Runner, Roger has completed the 100-mile Western States endurance run, the Tahoe Rim Trail 205-mile endurance run four times, and five additional 200–250-mile endurance runs in Utah, Arizona, and Washington. We will miss Roger and what he has brought to the airport throughout his career here, but wish him the best in his future travels, runs, and endeavors. We look forward to seeing him around our community for years to come and to entice him to join us as a seasonal snow removal operator here at the District.

Item 2 –Snapshot of January’s fuel sales

- Jet-A 41,271 gal.
- 100LL 6429 gal.
- GPU’s 77
- Total fueling from the trucks 367
