

Aviation & Community Services Report

February, 2023

Director of Aviation

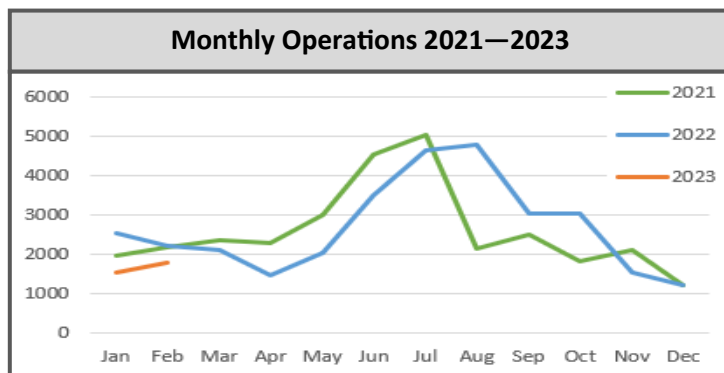

Heavy winter storms have dominated our activities. We are actively working with GoCivics to aid in our property management and billing processes. Flight Tech Engineering met with us to discuss draft flight procedures and we're working to reschedule flying these for the 4th time due to weather. After this flight we'll proceed with a recommendation.

Operations & Comments

A blizzard in the final week significantly impacted operations of an otherwise mild February with seven days of airfield closures. This month saw seven operations between 10pm—7am, four of which by EMS helicopters based at KTRK. Seven households submitted 46 comments including one household with 30 comments. We heard from one new household this month due to a C-17 Globemaster low-level overflight.

February Operations by Type — 3 Years					
	2021	2022	2023	% Change From 2021	% Change From 2022
Helicopter	48	54	57	19%	6%
Jet	468	425	276	-41%	-35%
Piston	1,228	1,236	1,108	-10%	-10%
Turboprop	428	497	373	-13%	-25%
Total	2,172	2,212	1,814	-16%	-18%

February Comments by Type — 3 Years					
	2021	2022	2023	2022 Ops. Per Comment	2023 Ops. Per Comment
Helicopter	1	1	0	54	N/A
Jet	9	12	13	35	21
Piston	14	16	31	77	36
Turboprop	6	11	2	45	187
Total	65	40	46	55	39
