

**TRUCKEE TAHOE AIRPORT DISTRICT  
BOARD OF DIRECTOR STAFF REPORT**

**AGENDA TITLE: PREVENTIVE & ONGOING HANGAR MAINTENANCE -  
PRESENTATION**

**MEETING DATE: March 25, 2026**

**PREPARED BY: Vince Wawrzynski, Director Operations and Maintenance**

---

1. Hangar Condition Update and Maintenance Requirements

Our older Tee hangars are now 50+ years old. Continued operation of these facilities will require increasing risk management. Accepting the risk associated with these aging facilities demands an understanding of the known and unknown hazards as well as the mitigation strategy and residual risk. Staff will deliver a PowerPoint Presentation covering the following topics:

- Summary of Hangar inventory and associated hazards
  
- History of failures on our existing hangars
  
- Preventative maintenance activities
  
- Way forward on emerging risk discovery, and continued mitigation of identified risks
