Re: No Paid Workers' Compensation Claims in 2010-11

Dear Ms. Eagan:

This letter is to formally acknowledge the dedicated efforts of the Truckee Tahoe Airport District's Governing Body, management and staff towards proactive loss prevention and workplace safety. Your agency's efforts have resulted in no "paid" workers' compensation claims for program year 2010-11. This is an outstanding accomplishment that serves as an example for all SDRMA members!

It is through the efforts of members such as Truckee Tahoe Airport District that SDRMA has been able to continue providing affordable workers' compensation coverage to over 362 public agencies throughout California. In fact, 220 members or 61% in the workers' compensation program did not have any "paid" claims in program year 2010-11.

In addition to this annual recognition, members with no "paid" claims earn 2 credit incentive points (CIPs) thereby reducing their annual contribution amount. Members with no "paid" claims for the prior 5 consecutive years will earn 3 additional CIPs. Also, members without claims receive a lower "experience modification factor" (EMOD) which also reduces their annual contribution amount.

Since SDRMA is dedicated to serving its members and preventing claims, we would appreciate your agency taking a moment and sharing with us what made your District successful in preventing work related injuries. Our goal is to incorporate your successful ideas and suggestions into our loss prevention programs to benefit all members of SDRMA. Please forward any ideas or suggestions to Dennis Timoney, SDRMA Chief Risk Officer at dtimoney@sdrma.org.

On behalf of the SDRMA Board of Directors and staff, it is my privilege to congratulate the Governing Body, management and staff of Truckee Tahoe Airport District for their commitment to proactive loss prevention and safety in the workplace.

Sincerely,
Special District Risk Management Authority
