

General Manager's Report

Item 1 – Upcoming Community Outreach Events

Item 2 – Update on FAA Meeting

Item 3 – 2012 Air Fair/Expo

Item 4 – 2011 Pavement Maintenance Work Update

Item 5 – Community Benefit and Value Follow-up

Item 6 – Project Tracking List

Item 1 – Upcoming Community Outreach Events

The District will be a participant in various community events and outreach efforts during the months of August and September. Staff and ACAT have arranged for the District to attend the following community events:

Truckee Thursday - August 25th, 4:00 PM to 8:00 PM

Tahoe Family Festival – August 28th, 12:00 PM to 6:00 PM

Prosser Lakeview Estates Block Party – Sept. 10th, 10 AM to 2:00 PM

Sierra Meadows Block Party – Oct. 1st, 10:00 AM to 2:00 PM

Board members are welcome and encouraged to attend and participate with Staff and ACAT on these events, whether it be a block of time or the whole event. The August 25th Truckee Thursday event is well staffed. We are still looking for some assistance with the Block Parties and the Tahoe Family Festival primarily between 2:00 PM and 6:00 PM.

We also have various meetings planned with local HOA's in September and October. I will attend these along with an ACAT representative.

Item 2 – Report on Meeting with FAA District Office (Master Plan, and AIP Projects)

I met with our FAA Project Manager and Planner on Friday, August 18th. A summary of the meeting and status report of our projects will be reviewed.

Item 3 – 2012 Air Show/Expo

Recently I met with the Truckee Optimist Club and the Kids Zone. These two community groups may be interested in leading an effort or partnering on putting together an air fair or air expo. Their primary focus would be to provide a quality community event and to fundraise for their groups. Right now the discussion is centered on an Air Expo or Fair in lieu of a full air show. I would like to briefly discuss this concept with the Board.

Item 4 – 2011 Pavement Maintenance Work Update

Mr. Stoner and I will provide an update regarding the status of this summers' pavement management work.

Item 5 – Community Benefit and Value Follow Up

Attached to the General Manager's Report is the Community Benefit and Value - Project and Policy Summary. This chart outlines the various projects and policies discussed at our April 2011 Board Meeting. As requested, staff has attached prices with a total to complete these projects. We will discuss these projects including what is included in the FY2012 Budget.

Item 6 – Project Tracking List

Please review the attached Project Tracking List. To assist in your review, items listed in red have new information and updates. The Priority color key is as follows:

RED: High Priority. Staff is currently working on the project.

ORANGE: Medium Priority.

BLUE: Low Priority.
