Install 18" and 42" Flow Meter, Existing Vault Improvements-Removing and disposing of existing concrete vault cover, furnishing and installing the proposed access hatch, placing concrete and rebar to raising the concrete walls, installing fiberglass grating in bottom of vault, installing ladders and ladder safety post

extensions, installing sump pump and associated piping. Electrical Improvements- Furnishing and installing all necessary equipment and materials for the PH sensor, conductivity sensor, analyzer, instrumentation, conduits, conductors, Warrick System, and all appurtenances.

City of Sacramento/Capitol Area Development Authority (CADA)

(January 2010) \$14,753

Courtyard Electrical Services Upgrade

Allison Cash (916) 995-5009

Electrical Upgrade- Trenching and associated permits, replace and disposal of existing equipment, furnish and install new panels.

Downieville Public Utility District (November 2009) \$96,028

Furnish & Construct 100,000 Gallon Potable Water Tank

Richard Melim (530) 288-3566

Furnish and construct 100,000 gallon potable water tank, tank level control system with digital monitor, all plumbing, electrical, and signal connections, disinfection of all new components, temporary facilities, removal and disposal of existing 10,000 gallon redwood tank.

County of Placer (October 2009) \$149,475

Placer County Auburn Historic Courthouse Entrance Paving

Bob Veerkamp (530) 886-4949

Demolition of the concrete driveway, asphalt parking areas and concrete flag pole curb. Prepared surface for repaving and concrete and reconstruct flag pole curb. Install an electrical raceway and flag pole lighting in new curb.

County of Nevada (October 2009) \$84,470

McCourtney Road Transfer Station Metals Floor Replacement

Steve Porter (530) 265-1411

Demolition, removal and disposal of approximately 4,500 square feet of an existing floor and forming and pouring 4,500 square feet of new concrete floor.

County of Nevada Facilities Management (August 2009) \$17,342

McCourtney Road Transfer Station Household Hazardous Waste Facility Office Building

Mike Quintana (530) 470-2639

Complete septic and pump tank installation, sewer connections to office building and existing force main, water line installaton and connections, concrete sidewalk, eye wash station, installation of County provide metal ramp and stairs.

Yuba Community College District (July 2009) \$112,016

Emergency Back-up Generator

Dave Kendall (530) 740-1785

Installation of a new owner-furnished natural gas generator to supply backup power to the Information Technology server room in Building 100B. Installation of housekeeping pad to support the generator, installation of owner-furnished equipment (generator, automatic transfer switch, UPS and PDU). Patch and repair roof as required, roof mounted conduit runs for connections between the server room, telephone room, generator and mechanical trench. Electrical panels and circuits, power distribution unit and UPS systems. Fuel source underground tunnel and direct burial tie-ins.

Yuba Community College District (April 2009) \$91,683

Marysville Campus Fuel Tank Removal

Jonathan Neff (530) 741-6774

Removal of a 10,000 gal fuel tank and gas lines. Removed 250 tons of contaminated soil and disposed of soil at a certified site.

Chevron Energy Solutions (November 2008) \$101,670

HVAC Upgrade, Building #12

Labor, equipment and materials required to construct the structural steel platforms including painting and framing work at the existing Hoos pool building. Concrete Piers and Housekeeping pads, install fire stop walls and doors.

County of Placer (October 2008) \$207,090

"F " Street Garage Project #40219

Mike Barrett (530) 886-4941

Erection of a metal building 40'x60' at the DeWitt Utilities Yard. Work included the structural design and construction of all new concrete foundation, floor slab, metal building and doors, plumbing, heating, electrical, fire alarm system and associated site work with connections to all necessary utilities.

Chevron Energy Solutions (September 2008) \$13,925

Sacramento Metal Health

Randy Upham (916) 857-1212

Grade, level, install woven fabric, and place 4" of decomposed granite driveway.

City of Yuba City – (July 2008) \$347,256

Security Gate Upgrades

Mandeep Chohan (530) 822-7448

Decorative Gates 25'- 28', Install Hy-Security Gate Operators, gate loop detectors, underground electrical, install street light pole for security camera mounting including pole, foundation and pull box, removal of fencing and install new 8' rod iron decorative fencing and 9' decorative fence pilasters, concrete curb and gutters.

Placer County Facility Services Department – (July 2008) \$139,678
Sheriffs Boat Barn
Bill Lardner (530) 886-4983

Grading, Foundation, Metal Building 30'x50', Electrical, Fire Alarm, Paving.

ACCO Engineered Systems (March 2008) \$40,878
Sacramento DOT
Robert Whitney (916) 360-5691

Demo Boiler and duct work in mechanical room, Build new roof top boiler pad, Miscellaneous reinforcing steel.

ACCO Engineered Systems (March 2008) \$23,852
Sacramento Metal Health
Robert Whitney (916) 360-5691

Grading, Concrete Foundation, Sprinkler System.

Nevada County Radar Signs (March 2008) \$97,992
Nevada County Transportation
Jim Orendorff (530) 265-1428

16 Radar Signs at various locations thought Nevada County

Nevada County Sheriff's Property Unit Garage (March 2008) \$37,074
Facilities Project Manager
Mike Quintana (530) 470-2639

Plans, permit, construction of a 24'x24' metal garage style metal building. Including relocation of existing propane gas line, underground electrical service for new building, concrete footings and slab, unit heater, painting, electrical and lighting.

Raising of House for New Foundation (December 2007) \$17,020
Mark Miller (530) 265-1351

Raising of Existing House Two Feet to Accommodate New Framing. Concrete Foundation and Piers, and Relocation of existing utilities.

Septic System and Grading-Nevada County (November 2007) \$56,900
Constance and Chuck Terzella

Capping Fill Pressure-Dosed Septic System Design for a 3 Bedroom Home and Grading including driveway, house pad, clearing on a somewhat difficult property located on a hillside.

Hanger at Nevada County Airport (October 2007) Cancelled by Owner
Mike Kaul (530) 273-8489

Supervising Engineer-Vern Smith (530) 271-6862

Replaced and upgraded a treated water pump station. Earthwork and Site Preparation, 6" Mainline, Concrete Work Dismantle existing Pump Station, Shoring, Stone Slope Protection, Electrical Service Upgrade, Landscaping.

Nevada County Airport Hanger Project (2004) \$383,500
Airport Hanger Association
Joe Weathers (530) 477-2807

Eleven Nested "T" Hangers, 12,986 sq ft, 54'x259' steel building and prefabricated metal roofing and siding with electrically operated Bi-fold Doors. Concrete Foundation with a vapor barrier and asphalt aprons.

The Salvation Army Camp Del Oro - Nevada City
Salvation Army Camp Manager
Lloyd Mathison (530) 478-0277

Grading of Roads and Parking Area, Septic System, Concrete Foundation.

Maintenance Buildings at the Nevada County Fair Grounds

(August 2003) \$196,350

California Construction Authority

David Freese (916) 263-6100

4,080 sq ft braced framed steel maintenance building with 1,920 sq ft covered storage and prefabricated metal roofing and siding.

Lake Wildwood Sludge Bed Dewatering Upgrade (April 2003) \$216,003

Nevada County Dept. Transportation

Jim Orendorff (530) 265-1428

Loading docks, steel canopy, enclosed steel structure.

Washington above ground pipeline (May 2002)

Sauers Engineering Contact

Keith Knibb & Dean Marsh (530) 265-8021

2,300 LF 8" ductile iron pipe, placed upon a steel cat walk.

Colfax High School Phase 1 Site Improvements (May 2001) \$776,416

Williams & Paddon Architects

Bill Spence (916) 985-1870

Clearing, cut & fill soccer field, removal of large rocks and asphalt, relocate road, parking lots and round about sub grade, storm drains, waterline, PCWA tie-in, underground electrical, light poles, irrigation concrete curb & gutter, asphalt paving, concrete stairs, Keystone retaining wall hydro seeding , planting of trees.

Penn Valley Center & Post Office (May 2001)

Casilli Partners, LLC

Gary Atherton (775) 831-2575

Road improvements, 36"x22" storm drain, 275 LF 8" waterline, 215 LF sewer line, 240 LF gas line, 550LF electrical, Asphalt paving, concrete curb & gutter.

Suburban Propane Grant Line Road (December 2000) \$90,102

Pat Hicks (916) 685-9208

4" SDR35 pressure sewer line, tie-in to existing sewer tank, water line,

Hwy 267 Relocation of Utilities (June 1999) \$417,117

Sauers Engineering

Keith Knibb & Dean Marsh (530) 265-8021

5,215 LF of 4" & 6" utility lines, utility vaults, boxes, enclosure & transformer pads, paving, traffic control.

Herringbone Booster Pump Station (May 1999) \$210,829

Sauers Engineering

Keith Knibb & Dean Marsh(530) 265-8021

Well Pump Station, 250' 8" water main and connection, Asphalt paving, 225 LF drainage swale.

Cold Stream Under-River Pipeline Truckee (August 1998) \$89,648

Sauers Engineering

Keith Knibb & Dean Marsh (530) 265-8021

250 LF 8" water main, 150 LF 24" steel casing and connection to 8" main

City of Grass Valley – New Sewer line Install

Public Works Department (530) 274-4360

Tie-in of new sewer lines into manhole and street improvements

Airco Mechanical Inc.

Wyatt Jones (916)381-4523

Underground utilities and excavating

Scotts Flat Reservoir Boating & Fishing Access Improvements

NID – Contact Karen at Scotts Flat Lake (530) 265-8861

2,098 LF Utilities, (water, sewer, electrical) fire hydrants, septic tanks, manholes, concrete foundation, walkways, curb and gutter, fishing pier, fish cleaning station, handicapped restroom, asphalt paving, storm drains, metal guard rail, and concrete benches.

Scotts Flat Reservoir Snow Mountain Campground Improvements #2

NID - Contact Karen at Scotts Flat Lake (530) 265-8861

Cut in new road, underground utilities, campsites, new guard house and gate.
