

ACAT

Board Report

Gerald Herrick

- Presentation on RNAV
 - Jason Dougherty
 - Forces concentration rather than dispersion
 - What do we want ?
 - Need precedents for moving tracks
 - Some optimism that impacted population is an appropriate metric
 - Sets a somewhat relaxed timeline as FAA works through issues (years rather than months)
 - ACAT interested in conducting a feasibility study
 - Estimated \$8k - \$10k

Status (cont.)

- iPads
 - Received
 - Getting used to capabilities
- GPU Project(let)
 - Survey a few operators
- Airport Operations Monitoring
 - Policy ready for full ACAT review, then pilots
- Roadshows
 - 2 conducted, well attended
