**Subject:** Comments: Truckee Tahoe Airport Strategic Plan meeting

Hi Kevin,

I regret that I will be unable to attend this meeting because my wife's Sister and Brother-in-Law are arriving from Virginia this evening – they're moving to Summerset, near Verdi and my wife has dinner planned.... ☹ I have to BBQ in the high winds!

Anyway, here are my only comments:

1. Page 14 – Objective 3: I look forward to the “quarterly airport safety education series for local pilots and TRK users....” When do you expect that to start, or is tonight's meeting the first one?
2. Page 20 – Objective 1: “Budgeted, but unused open space funds **will** be accrued.” I think that is too emphatic; I would prefer that those funds would be available in the event of an emergency need for funds. There could also be a time, in the future, where those monies might just sit in a pot and never get used, especially if the need no longer exists. Typical Government wanting to be able to point to those monies to show how solvent they are, when in fact those monies are not “usable”.

Thanks for giving us the chance to make comments – I really wish I could be there to hear what everyone has to say – will there be Minutes, or some sort of record, taken that we could review to see what comments are made?
