Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
KidZone Museum	Science Festival AirFaire Dinner Big Night Out Event	1000 kids (over 2 days) 200-300 200	Science Festival held at Airport	High school music events Magic shows Puppet shows Speaker series Movie nights	Spring Summer	Bathrooms (3 stalls each/changing tables, boys/girls) Heating/heated floors 8-ft tables + chairs, portable bars Sound and light system State-of-the art, large projector (for large, high quality movie nights) Roll-out floors for kids to sit on Good acoustics	yes	Ready-to-go event supplies very helpful to non-profits to keep costs down (tables, table cloths, chairs, etc.). Would be great if TTAD let non-profits borrow chairs/tables for other events not on District property.
Inner Rhythms Dance	Gala Event	200-1000 Multiple performances throughout year		Dance summer camps Performances	Year Round 300 people Summer (1-2 weeks)	Portable high quality dance floor/stage that can support a Marley Floor (30x36 square feet minimum size) - an even, safe, sturdy floor is critical to dancer safety Lighting truss Sound system + good acoustics Appealing interior walls (wood paneling) to absorb sound and make space cozy A way to lower ceiling to create intimate space	yes	
North Tahoe Events Center	Passport to Dining	600		Provide an affordable space for non-profits to host fundraising events		A way to divide space into smaller meeting rooms for conference use Sound buffering Make space appealing inside--paneling, windows out to Martis Valley on Northside	yes	Cost is a key issue for groups. Free is very appealing
Truckee Family Resource Center	Day of the Dead	200-500		Fundraising space		Kitchen Tables + chairs PA system, etc.	yes	Public transportation to events will be critical. There should be a bus stop at Airport during event times.
Sierra Expeditionary Learning School	Gratitude School Dinner	400+		In case of snow and/or smoke, could use as an indoor place for play/PE	Winter/ school year	Kitchen Tables + chairs Stage PA system Projector/screen/speakers	yes

Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
Tahoe Truckee Unified School District	Dances Meetings Fairs Sports Food prep + storage, etc.	300+		STEM Programs / STEM Fair Robotics competitions MAKERSPACE Indoor fields / indoor team sport practice for bad weather Convocation (welcome back for full staff) PROM, dances Special band concerts Challenge Day for HS (all day, all school program) Career Fair	All Seasons Winter / School Year	Flexible rubber floor Funding to create Maker Spaces Industrial kitchen Large screen, projector, etc.	yes	
Sierra Senior Services	Bingo Spaghetti Feed	300+	Pay \$1000 for space at Rec Center + kitchen Dislike: too small for volunteers to work in	Fundraisers Speakers Entertainment	All Seasons	Ample parking ADA compliance High tech PA/projector, Bathrooms FULL kitchen with ample room for prep, large freezer, 3 compartment sink Storage area for table + chairs (lightweight tables so easy for volunteers to move, enough chairs for people attending event + displays) Stage Ability to divide room into smaller sections	yes	This space would be used and help small budget non-profits. Lots of service clubs would use if available. Can we host an event with airplane in hangar?
Squaw Valley Institute	Monthly lectures Movies Entertainment	150-800 monthly	RSC, OVL, Plumpjack, Art Haus. No place has all the "gear" needed and not always readily available. Nominal price, if not free.	Would be interested in up to 4 events at the hangar each year; especially for entertainment.	Quarterly	Good sound system Projector Stage Chairs Ideally able to have beer/wine	yes

Peak Volleyball / Pinnacle Tahoe Volleyball	Volleyball team practice	60-90 (4-6 teams, approx. 15 people apiece) 4 hours/night 3 nights/week Jan-May	Currently rent from TTUSD (Alder Creek Middle School). Can't host tournaments due to limit on availability of space and cost prohibitive. Have to travel to Sacramento and beyond to play.	Definitely interested in hosting tournament. NTVA (the regional volleyball org) is always looking for facilities. Would like to host camps in Truckee--currently no place to host 150 people/court (if 3 courts, 450 people)	All Year (many tournaments per year)	Enough space for 2-3 volleyball courts. Ideal court size is 40'x75'. Envisions a concrete floor... Would need a sport court flooring, with a pad for shock absorption underneath and tiles that are easily changed out (sport court flooring is more cost effective and more durable than wood floor). Sport court flooring is removable (would need a place to store, or maybe even rent to other volleyball teams during off-season so it wouldn't have to be stored). Would also be great for other sports (indoor soccer, baseball/softball, and basketball) Nets. Could put holes in concrete floor below sport court flooring (ideal). Another option is an above ground system (not as ideal) If having spectators (for tournaments-not needed for practice), would need Bleachers or seating for spectator events such as tournaments (not necessary for practice only). These could roll away, attach to wall, or be chairs that are set up and removed. Heating Would be nice to have open air feature (open doors) to let in breeze. Would need to consider building orientation so sun doesn't blind athletes. Could open door to North. Or have	YES, highly interested	If designed for volleyball court, it will be easy to use for multi-sport (baseball, soccer, basketball) If move forward with sports space, contact Mike closer to design phase; he has lots of experience with designing and setting up sports courts Peak Volleyball would be willing to rent the space to help offset facility costs. Free/low cost facility for sports teams would be beneficial to other teams and would even encourage more sports teams to form - create more opportunities

**Non-Profit Service Club Input
TTAD Multi-Use Hangar Project**

Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
Truckee Tahoe Community Foundation	Small boardroom events Used to do big events but stopped due to cost/tech issues	20-30 / regularly (monthly) 200-250 / yearly (May)	Small: currently on-site (board room, too small for some events) Large: Squaw Creek, North Tahoe Events Center. Squaw Creek was too expensive - fundraisers barely broke even. North Tahoe didn't have good tech for presentations (centralized screen, stage, sound) Don't want dais/boardroom setup (airport board, town hall)	Workshops on nonprofit board governance Town hall style meetings Larger donor receptions and Queen of Hearts	Year Round Small events could be Monthly Annually, May (big events)	Subdividable space for smaller events (soft walls/curtains, etc.) Good tech: screen or screens that don't divide audience attention (i.e. airport boardroom, looking in different directions) Stage Good audio - acoustics are important, and flooring can play a key role in that (At a tented event at Squaw Creek the hard floor created a loud din that made the event unpleasant) Kitchen is important with catering partner Need low to no cost so fundraising events funds actually go to nonprofit groups, not the space	yes, highly interested	Can aircraft use and community use be split most of the time (for smaller event space) and opened all the way up for the biggest events? Low to no cost is important
Tahoe Flow Arts	Yoga/dance events Collaborated with Maker Show	Flow Arts events: more than 30 people at 2 events per year Maker Show: 400+	Currently host events from Flow Arts Studio and on lawn outside; but weather impacts turnout. Lumber Yard (warehouse-type buildings) for Maker Show Would most likely continue to host events at Studio, but would love another barn-like or hangar space with tall ceilings for big events and Circus Camps/School	Lots of collaborative events combining music, performing art, visual art (with Roundhouse, Kindred Art, Keep Tahoe Bluegrass) Wants to start a circus school/circus training facility, which could bring in out-of-towners for 6 months at a time Has been looking for a huge barn (or other tall building) for events and trainings	Quarterly, more in winter At least one event per season (depending on price) Would probably use more in winter	Really excited about the tall ceilings-which are perfect for aerial silks, circus training, and great acoustics Stage(s) Vending license for beer/liquor Outdoor space would be nice (picnic tables, etc. space for people to be outside when weather is nice) Doors that open to let in air/breeze	yes, highly interested and is actively looking for a space with a tall ceiling	Flow Arts wouldn't use a kitchen, BUT there is a definite need for others to have one (Tahoe Food Hub, Keep Tahoe Bluegrass, etc.). Access to a kitchen could help the local economy-for example, the director of Keep Tahoe Bluegrass wants to start a food truck, but it's hard to start that kind of business without access to a commercial kitchen; lack of food prep space is a barrier to food trucks and other food-types of economic development. Would use more if cost is low
Tahoe Food Hub	Soup nights Farmer and the Cook Dinners	70-250 6x/year	Mamasake, Crest Cafe and other rotating restaurants	Incubator kitchen Dinner events	Year Round Monthly, possibly weekly	Commercial kitchen Tables + chairs, silverware, glasses plate and bowls for 200 30x40 foot storage cooler Desk and phone/Wi-Fi	yes	Would also like a deeper relationship: would like to move their organization to live in the kitchen. Could manage an incubator test kitchen for other entities--with a retail window for food pick up and would host events in hangar when available. Would work with any other non-profit or entity needing to use kitchen space. \$1/square foot with cams or less

Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
Squaw Valley Prep/ Creekside School PTO	Souper Bowl Film Fest Fundraiser Concert fundraisers Thanksgiving dinner	75-400 4-5 / year	Art Haus, Bar One, OVL	Fundraiser concerts	Quarterly	Kitchen Tables + chairs Stage Sound system +(ideally) a projector and screen	yes	Needs to be free
SVP/ Creekside School	Assemblies	150-250 Monthly (ideally)	OVL, Airport	More assemblies Science Fairs Other electives such as robotics class and woodshop	Year-Round School Year Weekly	TART presence for transportation to and from school, ideally. All the amenities including stage, sound, lighting, screen and projector Kitchen, chairs + tables	yes	Needs to be free
For Goodness Sake	A couple of large events (brought in a well-known speaker from Rwanda) Peace Day (includes music) presentations, speakers, spiritual events/teachers	Large events - 200 - 500 Regular events - 30-50 September (Peace Day)	Event Center in KB Truckee Town Hall Chambers Old Rec Center main room Negatives: Peace Day event: wanted to be outdoors and use amphitheater, but timing didn't work out with other events same day Rain caused event to be in Community Arts Center - limited space. Considered Granlibakken and Resort at Squaw Creek, which is cost prohibitive Positives: Conference Center offered space as a co-organizer - liked this concept For Goodness Sake building is peaceful and healing, easy for people to be in (comfortable)	Lots of events they could do (bring in high profile people, etc.), but haven't been proactive about these for lack of space. Could bring in huge speakers (such as the Dalai Lama) if had a big enough venue (1000) and security. Spiritual symposium Week-long workshop or retreat	Year-round No limitations on seasons (though fall most likely)	Good tech system with high Internet capacity is a necessity Has own portable sound system, but imagines that the sound system would be in-house, which would be good Would like TTAD to consider the atmosphere - decor makes a difference, as does energy and atmosphere (certain elements can be built in) Also consider friendliness, willingness to help, and feeling of welcome - current space is peaceful and healing, easy for people to be in (comfortable). Ventilation and fresh air would be nice (assume there would be up-to-date climatic controls)	yes	Would like to partner with airport as co-organizer; airport could help with publicity. Minimal cost would be great. Doesn't have to be free, but shouldn't be prohibitively expensive.

Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
Tahoe Expedition Academy	Annual auction	150-200	<p>Negatives: Didn't use hangar this year because need heat and decorations, as well as food issue (need a place to prep food at min.)</p> <p>Positives: Parking is great at airport, and fee was amenable.</p>	2 other community events	Fall, winter, spring	<p>Stage, table + chairs Caterer (either on site or to contract with through TTAD) would help Restrooms are a key issues Indoor/outdoor space for community functions</p>	yes	What about sound curfews/issues? If bringing in a party, are there requirements for noise? Might be a detractor if need to be quiet at certain times
Sierra Business Council	<p>Trainings Conference Other organizations in the community have lots of fundraisers, awards dinners, business networking</p>		<p>Negatives: Current facilities through Parks & Rec are maxed out on capacity for booking and for space. Community Art Center overbooked - max. capacity is 250; but with tables more like 150 and very cramped. Squaw Valley: expensive, food not that great Rec Center tends to be cold and cavernous</p> <p>Positives: SBC currently uses airport boardroom for trainings and it works well</p>	<p>Mini conferences Regional gatherings (are always looking for space for this) Parks and Rec could host science camps or aviation camps for kids</p>	<p>Year-round Camps in spring / fall</p>	<p>Heating and air conditioning Stage + sound system + storage capacity for tables, etc. Kitchen + food warming + refrigeration/cold storage Flexibility of space so that it can be used for cocktail-type mingling or sit-down Flexible space for performing arts - ideally a black box theater concept because it is most flexible and meet the most needs. Can demonstrate need for arts center - has lots of research on community needs for arts center!)</p>	yes	<p>Need for more community space: Demonstrated need for performing arts space-there is a shortage in the region (not just in Truckee) A start-up TED-style talk organization couldn't get event space. Indoor hockey league has been displaced and has no place to practice Summer camps are at capacity</p> <p>Collaborate with Parks & Rec for spillover programming (especially would be good for one-off events, rather than recurring) Would be good for senior dances (quarterly or twice/year)</p> <p>Innovation clusters</p> <p>Commercial kitchen would be awesome - would be used by food trucks, caterers, cottage food industry, cold storage for Tahoe Food Hub. SBC could consult on business development for startups. Kitchen could even be adjacent to hangar Look at La Cocina in San Francisco for commercial kitchen model</p>

Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
Big Brothers Big Sisters of Nevada County	Sky is the Limit bowling	75 Spring Annually	Airport (lapsed, but plan to start up again)	Black Tie Fundraiser Sky is the Limit Party for 300 miles for mentoring	Spring (Sky is the Limit) Fall (Mentoring)	Low cost - hotels cost prohibitive for BBBS Screen would be nice Indoor/outdoor flexible space Kitchen: "We can make it happen without a kitchen, but ideally a kitchen would open up more opportunities, we could charge more and have people around longer"	yes	The atmosphere at the hangar would be awesome, unlike anything else around
Truckee Trails Foundation	Training Stakeholders meetings		Hosting movies - working with FS but can't serve beer at FS, outdoor films	Outdoor films Other meetings	Spring/summer (films) Quarterly (Meetings)	AV for films/presentations is key Kitchen would be nice (but not key) "We're low-key: beer, popcorn, pizza"	I think we would use it for sure	
Far West Nordic	Fundraisers Big kickoff event Auction/raffle party with a buffet dinner (biggest fundraiser) Other fundraisers are mostly outdoors (races)	Kickoff event: 150 Auction/raffle: 300 Auction: mid-Nov.	Hold auction at new Rec Center. Not ideal; very gym-like feel and is usually booked up so have to book way in advance. Currently have to rent tables and chairs for event; this is one of biggest expense	Looking for a new space to host big auction. Would be interested in holding auction at new hangar	mid-November	Access to kitchen/food prep space for caterers Sound system/screen for slide show and auction Having access to tables and chairs for free would be great	Yes	
Sierra Avalanche Center	Fundraising and education events (like Backcountry Ball) Education Nights	20 - 300+ Winter only	Sugar Bowl, Patagonia Outlet, ski shops, Parks & Rec (lost money at Parks & Rec)	Movies and presentations	Winter only	Low cost Good A/V for films presentation Kitchen "What we really need is a performing arts center for films, music and theater. A kitchen is important but a performing arts space is most important."	Yes	Is concerned about stepping on Parks & Rec toes - feels this kind of space is their responsibility, suggested a partnership, but said Rec & Parks admin for events is dated and clunky.
Alder Creek Middle School	8th grade dance Host community sports events on their field Have had an 8th grade science field trip at the airport (learned about aviation)	200-300 June Annually	Have used airport hangar before. Only problem was lack of real bathrooms and heating ACMS field is available for community members for sports; but it books up early and is booked to capacity	Would continue with 8th grade dance. Would love to have science field trip at airport again. New hangar would be a great place to do this. PTO would love to host an indoor soccer tournament as a fundraiser (This is their only fundraiser)	June (Dance) winter (PTO soccer tournament)	Major needs are bathrooms and heating Kitchen would be great for the 8th grade party and would make it easier for different events Don't necessarily need stage/audio/visual, but tables would be nice (to help make comfortable space for kids to sit and hang out at dance)	yes	"What a great thing to do! We need more facilities." When will this be happening? They plan events a year to six months in advance; would love to use for graduation.

TTAD Multi-Use Hangar Project**

Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
Sierra College	Graduation Lecture Series	Graduation: 200+ 3rd Thursday in May Lecture Series: 90+ 2nd Fridays during school year	Currently held at Sierra College but is becoming tight	No new potential future events (see current events)	May (Graduation) Monthly (Lecture Series during school year)	"Plug-in play" ready with stage, screen, sound system, good lighting, chairs + tables (they have their own stage, screen and sound system, but would prefer not to transport)	Yes	
Moody's Jazz Camp	Jazz Camp	60-70 kids + 120 adults One week June 22-26 or 2nd week of July	Alleyway behind Moody's (not a community show yet). It's gritty and raw, which is appealing and authentic, but is not formal enough or large enough to engage larger community	Fundraiser/ performance Would also like to engage a partnership whereby a corner of hangar is always set up as a jam space for drop in jam sessions	Annually, August (right before school starts)	Chairs + tables, stage (for fundraiser/performance) No kitchen needed but would be used if offered Performance to accommodate 200+ people Sound proof walls, a drum set, amp, mic (for jam space)	Yes	"A Place to Play" -- a comment relevant for entire community
Excellence in Education	Annual Recognition Dinner	200 Annually October	OVL or Plumpjack	Would move recognition dinner if features met and if free	Annually Date TBD	Video screen, projector, sound system Stage Parking Kitchen Round tables + chairs	yes	Would consider creating a Battle of the Bands event as well
Arts for the Schools	Regular performances Artists in Bloom (a visual arts event)	260+ May (Artists in Bloom)	Truckee Community Center Doesn't work for dance and musical acts due to small stage. High cost. No tiered seating.	Community Workshops that are curriculum based could potentially be held in space if it were free. Would move all performances to hangar if features met. Would also consider May event of Artists in Bloom Workshops	Annually, May (Artists in Bloom) Workshops: TBD	Walls for displaying art (for Artists in Bloom) Seating for up to 500 / tiered seating Large stage, lights, sounds AV is key	yes	Don't build a commercial kitchen just for events, as it will be overkill. A kitchen with warming oven, sink and fridge is sufficient. Caterers will take care of rest at own facilities. "There's no way I'll have my staff doing tables, chairs, linens and dishes - does Truckee have a vendor that can be a one-stop-shop to take care of that?" Would like to be advisor for specs on the systems put in place for performances. Needs to have right atmosphere. If Granite Flat campground becomes unavailable for Truckee River Day, may be useful for that. Great location and parking. Suggested using food trucks for movie type events.

Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
Girls on the Run			OVL for volunteer appreciation and Lunafest Film festival Parasol building for coach training. Parasol works well, but would like a bigger space for volunteer appreciation and a steadier, more available spot for Lunafest and would also like to attract more Truckee families.	Would consider moving volunteer appreciation event and Luna Film Fest to Hangar	Annually, Fall (Volunteer appreciation) Last week January (Film Fest) Quarterly (Coach training)	AV, screen, projector, sound Kitchen to accommodate caterers	yes	Could partition and provide a regular meeting space for Board meetings and/or provide offices as a shared non-profit space
Truckee Donner Chamber of Commerce	Annual Award Event Biz Expo (lapsed) Other meetings and conventions	Awards: up to 400 Fall Biz Expo: Spring Other events: scattered	Squaw Creek, other areas Generally feel very limited by options, either not a good fit, not in Truckee area, pricing, amenities, etc.	Bringing back the Biz Expo Could see other possibilities with new space	Fall	Kitchen, tables + chairs AV Air walls (for subdividing the space) Don't want to have to go find things all over the place	Yes	Suggest allowing corporate users, business groups, ski groups, etc. - don't limit user group types* *Hotel Perspectives Need a dedicated staff person for support
Barcelona NorCal Soccer	9 teams that practice Tournament	Practice: 15-36 (5 days/week) Tournament: brings in as many as 4000 people to community (Labor Day Weekend)	Could really use indoor space. Currently use middle school, etc. Limited space and times available.	Endless possibilities!	At least 5 days / week (practice) Fall - Labor Day Weekend (Annual tournament)	Soccer turf would be awesome! Sport court would also be great. Could make it work with concrete, but not ideal	Yes	Check out the Reno Sports Dome for ideas
Slow Food	Skill Share Workshops Farmer's Market					Commercial kitchen	Yes	
Project Mana	Foodie Events Fundraiser	200 1-2x / year	Foodie Events at Le Bistro in Incline Fundraiser at Stella in August Events get expensive with rental of amenities. Would move to a less expensive option	Would move fundraiser to hangar if it were provided at space Could also use this space as a warehouse for food and distribution to the Truckee community, either weekly or hosting food drives during the holidays	Annually, August (Fundraiser) Weekly, holidays (Food drives)	Tables + chairs, tableware, Kitchen (to accommodate a caterer) Stage Sound system, screen, projector	Yes	Can envision this space as a place to collaborate with other non-profits

**Non-Profit Service Club Input
TTAD Multi-Use Hangar Project**

Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
Humane Society of Truckee Tahoe	Black Tie & Tails Comedy Night	200-400		Music Concert		Industrial Kitchen, tables + chairs Bar Sound, lighting, dance floor, stage, Parking for large events critical Landscaped area outside (for dogs) Pipe/drape divider to create smaller spaces	likely	
Rotary	Cadillac Ball Tahoe Chefs Crab Feed	300-400 each				Industrial, fully equipped kitchen (pots, pans, chafing dishes, knives, etc., plates, silverware, dishwasher, walk-in fridge)	yes (especially with kitchen?)	The more buffed out the kitchen, more appealing for chefs to donate services=more \$ raised for non-profits
Soroptimist	Annual Wine Tasting + Restaurant Faire (June) Fundraiser (November) currently at Terminal	300 (can't grow due to limited space), 25-30 vendors at both events		Depending on how nice space is, we would use it for future events		Fully functioning kitchen, tables/chairs Restrooms Parking Electrical outlets, heat Outdoor landscaped area for more summer events outside Make space appealing with paneling, windows to let in natural light during day for meetings, etc.	Depending on how nice space is, we would use it for future events	If the space has less of an industrial feel and is warm, "nice" will be used more by groups for various events. Currently our events are maxed out due to space limitations.
Tahoe Art Haus	Regularly showing movies, lectures and private parties. Year Round	150 on-site 3-4 times each week	Have own facility. Need to expand to Truckee to monetize the purchase of big movies. Tahoe City has too small a population to fully leverage. They also can't show matinees in current Cobblestone location.	Would consider off site in Truckee (monthly) if could fill 500 people for special movie and lecture showings.		Good sound system High end projector (could help with that) Stage Chairs (Art Haus has ideas on that) Ability to sell concessions and maybe beer Maybe a popcorn maker	would consider	Would also like to be considered the program manager; engage in a deeper relationship to facilitate all programming with movies/entertainment being regularly scheduled.

**Non-Profit Service Club Input
TTAD Multi-Use Hangar Project**

Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
High Fives Foundation	Squaw Prom Ski-athon Gala Golf Tournament Art Show Movies	100-1000 year round	Squaw Valley, ski slopes, etc.	Suggested hosting a Christmas Dinner, movie showings at hangar as a good fit	Winter	It has to have the right ambience, it has to be unique" It would need a sound system that works both with live music and an iPod Wi-Fi is super important A bar area is always helpful An elevator if there is a second floor. A kitchen is crucial The views will be important, the airport is really scenic and the hangar should capitalize on that	At the 9 mil option I would definitely host at least one event a year	We could host movies, Wild & Scenic Film Festival, our own Film Festival
Tahoe Rim Trail Association	Annual Celebration fundraiser	100+ October	Heavenly, Nevada Museum of the Arts	Film festival	Time of year undecided	A/V, good acoustics Close to trail Room for silent auction Food (kitchen)	possibly	It has to look nice and draw people to the event.
Tahoe National Forest Truckee Ranger District	Employee orientation, joint agency fire meeting, incident command	85-100 - spring (April-June) Once for orientation Once for joint agency As needed for incident command	Truckee Ranger station (orientation) town hall (joint meeting)	see existing	Spring Summer/Fall	Tables and chairs for meetings A/V for presentation (screen and projector to connect to computer) Kitchen would be nice for orientation lunch, etc. Wi-Fi	Most likely	We would be intrigued by using this space, our building isn't big enough for employee orientation in the spring, and this could be a good fit. Joint agency meetings with Calfire, local fire districts used to happen once a year and this space would be good for that as well. Incident command for forest fires would be another potential use. As well equipped as this town is, event spaces like this that don't cost an arm and a leg are scarce.
McConkey Foundation	Shane McConkey Legacy Gala and Shane McConkey EcoChallenge	Gala - 400 Last half of March	Gala at Squaw Valley - they are good friends/partnership so will most likely continue to use that space. But, the space is expensive and needs lots of decorations. Partner with Flow Arts Studio, which does aerial performances and they have to bring in a big tripod that doesn't work so great with the space	Maybe expand the EcoChallenge		Indoor space that opens up to outdoor space. EZ ups outside Staging for performances could bring people here	Yes, if the space is unique enough	Hangar space could be used by others (not just nonprofits)-weddings, etc. Would be a sturdy tall space that would work well with partnership with Flow Arts performances. If the space is done right, this could be a dream! The McConkey Foundation would absolutely use it if it were unique enough. Many other local organizations need the event space. Only concern is regarding potential environmental impacts.

TTAD Multi-Use Hangar Project**

Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
TOCCATA			Performs at Squaw Creek, which is free and they are cooperative, but doesn't help promote concerts, so turnout is too small to justify continuing there. This is the only available venue in Truckee.			Would need help promoting, and amenities to attract audience members at ticket prices (\$40 preferred - \$30 adult, \$25senior \$5 students youth free)	maybe, if help promoting	
Tahoe Youth Ballet	Regular performance	150-400	CalNeva, Art Haus, Hyatt	Ballet/dance performances	one or two per year	Dedicated on site manager to deal with lighting, sound, stage (look at Cowell Theater at Fort Mason and Harlem Gatehouse in NYC as models Need seating Current locations are all deficient in some way but wouldn't move location to Hangar unless there was a dedicated point person to manage the space, with access to high quality sound and lighting They have their own stage Retractable theater style seating something they'd recommend Need lots of power and power sources	Maybe	Keep the space as diverse as possible. Save \$1M for staff or ancillary needs such as lighting, power, etc. Would the space be partitioned from planes?
Mountain Area Preservation Foundation	Sierra Forage Dinner - their big fundraiser. With live/silent auction and farm-to-table dinner Wild and Scenic Film Festival - environmental outreach and awareness Membership event with wine, cheese, & crackers	Forage dinner - 150 (would like to grow) - August Film Fest - 250 each of 2 days of event (October) Membership event - 50 - (October/November)	Have held Forage Dinner at Cedar House for past 6 years. Love the venue, but limited on space to 100 people. Want to grow event since it is a fundraiser. Looking at Martis Camp (space for 150). Hard to find big spaces; ones available such as Ritz are expensive and don't have deals for nonprofits. Film Fest - at Community Arts Center. Always sold out.	Trying to also to identify smaller venues for films, advocacy workshops, and yoga - 3 events in the fall (August, Oct., Oct/Nov)		Size and ability to accommodate large groups A/V, screens, Kitchen Parking - People don't want to carpool. Airport parking is limited; need to take parking into consideration Membership event - kitchen, tables, chairs	maybe	Airport doesn't really come to mind as a place for events. CATT was/is working on a community building with a kitchen (similar to Parasol)--what are areas of overlap and possibility of collaboration? Identify the airport's main goals and focus on those; donate money or collaborate with CATT or another group to build a community building? The community has a major need for funding to pull off a good community building - perhaps a collaborative project? Think about fire season--kids need an indoor place to play. Hangar 3 could fill that need. Affordable space is a big issue that needs to be addressed in the community (for events, rentals, purchase, or lease)

Organization	Current Events		Current Facilities (where, how much, what do they like/dislike?)	Future Events		Features/Needs	Will you use it?	Other comments
	Current Events	Size / How often / When		Potential future events / size	When / How Often			
Truckee Donner Land Trust	Mostly achievement-driven events hosted on acquired properties	Have been 300+ for biggest events milestone driven	Outdoor locations, Sugar Bowl Mt Judah Lodge	Nothing regularly scheduled, predicted may be able to use once every 2 years - random	Maybe once every two years		maybe	Would like to see movie use (drive-in?) suggested looking at hangar events hosted at Santa Monica Airport. Housing trail-crews? What else could this funding be used for?
North Tahoe Arts Center	None currently applicable for this venue		On site at North Tahoe Arts	Art Show with up to 200+	Annually	Stage, Screen, Lighting, Sound System Wi-Fi connection (2 summers ago Wi-Fi at airport not strong enough)	Maybe	Good to have gallery walls with ability to partition. They have their own but hard to transport. Consider building dividers so 2 organizations can occupy simultaneously. Make sure to have good Wi-Fi
Wild and Scenic	5 day film festival in Jan. and Oct. Truckee venue with MAPF	200-425 regularly	Rotates in Nevada City/Grass Valley and with Oct. partnership with MAPF, held at Truckee Community Center	Would defer to its Truckee partner MAPF; would be open to expanding its current list of showings to Truckee	Annually	Hi lumens projector (usually they rent) Speaker, sound system Screen Chairs	maybe	
Truckee Bike Park	Fundraiser at Bar of America On-track events	500+ for fundraiser spring	Bar of America, Bike Park Like Bar of America - all proceeds go to bike park Don't want to change that event location	Pump track or trails inside hangar Fall film showing	Winter (pump track) Fall/Winter (film)	A/V equipment for film Flexible space	maybe	Don't need kitchen
Truckee River Watershed Council	River Breakfast Truckee River Day informational presentation	200-240 (breakfast) spring	Ritz or Squaw Creek Happy with location	Probably not. Smaller events (info presentation) with AV and ability to subdivide into smaller space (50-100) potentially	Time of year unknown	A/V equipment Full catering & materials supply (tables, linens, China, etc.) so nonprofit isn't dedicating time to logistics	Not likely, but possible	Needs to have right atmosphere. If Granite Flat campground becomes unavailable for Truckee River Day, may be useful for that. Great location and parking. Suggested using food trucks for movie type events. A/V key. "There's no way I'll have my staff doing tables, chairs, linens and dishes - does Truckee have a vendor that can be a one-stop-shop to take care of that?"

Adventure Risk Challenge	Voices of Youth - Poetry Reading, fundraiser Art in the Park - music festival with 10 bands and food trucks	Voices of Youth - 100 Art in the Park - first year was 250, expect to grow to 400 this year - Voices of Youth - July 26 Art in the Park - Sept. 12	Voices of Youth - Cedar House. Love it! Don't plan to change venues. Receive an incredible in-kind donation. At this event, they have servers, beer/wine & refreshments Art in the Park - Truckee Amphitheater in Regional Park. Rent space from Parks & Rec. Stage is already provided; they hire a productions company for sound system. Food trucks for food. - Don't plan on changing venues; hangar doesn't seem like a good fit since it is "Art in the Park". But would consider using hangar as an alternate venue in case of rain.	Administrative/office and gear storage - year-round	Year-round	Looking for office space (place to meet people, store files, and have a desk) and storage space (about the size of a one-car garage for gear storage). Currently partner with UC Berkeley for land, but don't have an official office space. Will become a 501(c)3 nonprofit by end of summer, and are looking for own office space. If ARC decided to use the space in future for events, would need: Food/beverage facilities A/V equipment (mics, sound system, screen) Hard to imagine needing space for more than 100 people	interested in office space/ storage use Doesn't see hangar as a good fit for their events, except as an alternate venue in case of rain for Art in the Park music fest. They don't have an immediate need for Hangar community space.	Likes the idea! Sean would like to be kept updated on process. Sounds like a lot of potential interest in the community for cost effective office spaces for nonprofits and local small businesses. Could be a really cool hub of activity in town, where organizations can work together and collaborate. Would be great to have permanent professional space. Seems like there is a need for other nonprofits for this space (just not an immediate need for events space for ARC, but they are open to the possibility down the road)
Truckee Little League	Big event is going to Ace's Game. Practice (outdoors) Rummage sale fundraiser Don't do much in the off-season		Practice/games is all outdoors. Main event is going to Ace's Game, use HS gym for indoor tryouts. Wouldn't change.			Would potentially be interested in storage space	No (for events space). Might be interested in storage space	
Sierra State Parks Foundation	Host events in parks themselves. It's a great way for donors to make a connection		State parks. Also just opened up a facility in Donner (holds less than 100)	If were to use hangar (unlikely) would be in winter and would be a collaborative event with other nonprofits to draw a big enough crowd (>100)		An events space would need to have a kitchen facility for caterers	Very unlikely	Talk to a local catering company about kitchen needs

Friends of Truckee Library/Early Literacy Program	Child Development Conference, book sale		Book Sale held at parking lot behind library; easier to host close to library	Only anticipate doing Annual Santa Fly-In at new facility Collaborate with TTAD, TTUSD Early Learning and others. Working with Mike Barrett at airport-he knows event specifics.	2nd Saturday, December		not likely	Working toward building a new library that would have room for up to 200 people for cultural, literacy, and library related events, which would be enhanced by being hosted at this type of civic building where all the educational resources are
