What is ACT: ACT is a monthly virtual public forum established by the General Manager to gather interested airport users and District constituents to discuss items of public interest and disseminate information regarding activities and programs of TTAD. ACT is meant to be a free flow of ideas and information between the District Staff, airport users, and the general public. ACT is a method for District Staff to convey information to stakeholders but also a means to receive, consider, and convey public comment and sentiment regarding topics of interest to the Board of Directors at their monthly Board of Director meetings.
