- 1. Welcome to new members and a program introduction from the General Manager.**
- 2. Monthly ACT Topic: Aircraft fleet that regularly use the Truckee Tahoe Airport.** This was a request by a few ACT members. We will have a discussion and provide information on the type of aircraft that typically use the Truckee Tahoe Airport. We will cover noise signatures, operating performance information, type of fuel they use, climb performance during different times of the year. We will also discuss airport planning and design characteristics that influence the size, type, frequency of aircraft that use our airport.
- 3. Questions and comments on other matters of interest to ACT.**
- 4. Topics for future forums.**

**What is ACT:** ACT is a monthly virtual public forum established by the General Manager to gather interested airport users and District constituents to discuss items of public interest and disseminate information regarding activities and programs of TTAD. ACT is meant to be a free flow of ideas and information between the District Staff, airport users, and the general public. ACT is a method for District Staff to convey information to stakeholders but also a means to receive, consider, and convey public comment and sentiment regarding topics of interest to the Board of Directors at their monthly Board of Director meetings.
