Welcome to new members and a program introduction from the General Manager.

Monthly ACT Topic: April 13, 2022 – **Airport Master Plan Update Project Part III - Flight**

Procedures. We will review and provide information on proposed new aircraft arrival and departure flight procedures in development affecting all current airport runways, including those proposed as part of the new Runway 16/34 proposal. We will discuss why this is important, how these arrival and departure procedures are designed along with how they may improve efficiency and reduce noise and annoyance in the communities around the airport.

Questions and comments on other matters of interest to ACT.

Topics for future forums:

May 11, 2022 – ACT will review and discuss expected aircraft flight operations for Summer

2022. Discussions will cover operational tempo, tools we are using to try and reduce impact, and how community members can keep us informed as to their experience. We will also introduce Airport Staff who work daily on community outreach, annoyance abatement, and pilot and passenger outreach.

What is ACT: ACT is a monthly virtual public forum established by the General Manager to gather interested airport users and District constituents to discuss items of public interest and disseminate information regarding activities and programs of TTAD. ACT is meant to be a free flow of ideas and information between the District Staff, airport users, and the public. ACT is a method for District Staff to convey information to stakeholders but also a means to receive, consider, and convey public comment and sentiment regarding topics of interest to the Board of Directors at their monthly Board of Director meetings.
