

FLY SAFE

Pilot Proficiency Seminar

Loss of Thrust on Takeoff & Go-Arounds

Departure briefings and go-arounds; two things pilots may not always train for but could be life savers. Joe Rajacic joins us this month to discuss what happens when things don't go as planned during takeoff and landing. Join us live at KTRK to meet your fellow pilots or online via Zoom.

About The Speaker

Joe Rajacic was a Boeing 747-400 Captain for 22 years. He is a FAA Team rep for the Reno area creating and teaching AQP type airline training for General Aviation. Joe is also a CFIA, CFII, A&P, NASA special projects simulator pilot and received the Wright Brothers Master Pilot Award.
