Adding Your Account

Under the **Add Account** option, enter your billing organization (the city or utility company your bill is from). Some organizations may be listed underneath the search box, based on your zip code. If you see your organization listed, click on it. Otherwise, enter the organization name, city, State, or zip code, and click **Search**. This will pull up a list of possible organizations. Click on the organization to proceed.

Add New Account Step 1 of 3

Find your billing organization:

Xpress Bill Pay **Search**

Billing organizations founded as search (1):

xpress BILL PAY Xpress Bill Pay
Provo, UT

Truckee Tahoe Airport District
Truckee, CA

Next, you need to enter the account number and last name or business name on the bill, and click **Locate Account**. If you are a tenant, you may need to enter your landlord’s last name.

Add New Account Step 2 of 3

Enter the following information as it appears on your Truckee Tahoe Airport District bill:

Bill Type Accounts Receivable

Account Number F09-JDoe

Last Name or Business Name Jane Doe

You may be asked for additional information on the bill, and to select **Take over payment** or **Add me as a payer**. This means that your account number is already linked to another online account, such as in cases of co-leased accounts. Co-lessees should select **Add me as a payer**, and new lessees should select **Take over payment**.

Add New Account Step 3 of 3

Utility Account # 2.6251.01 for City of Steamboat Springs

This account already has a payer. You can add yourself as an additional payer or take over payments from the previous owner.

Enter the following information to verify the account

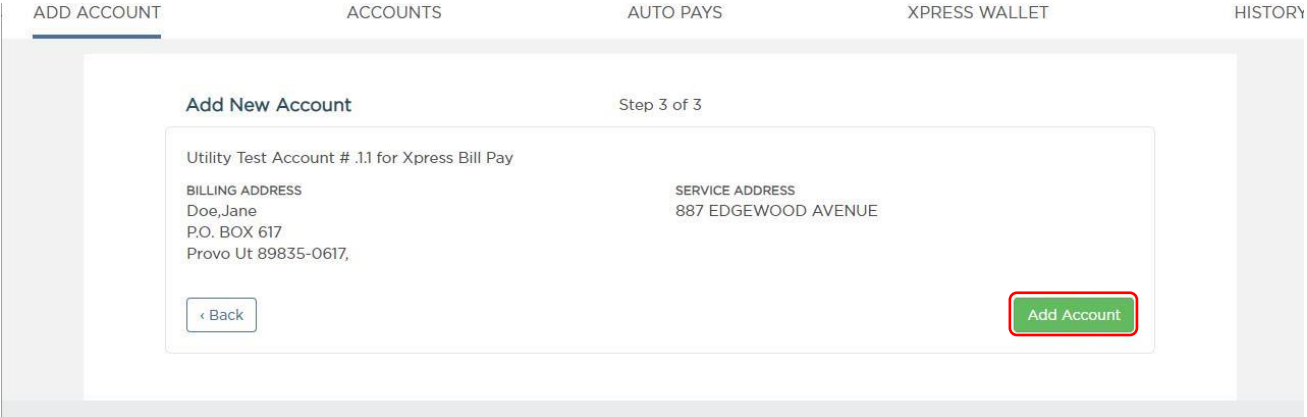

Service street address as it appears on the current bill

Amount due on the current bill

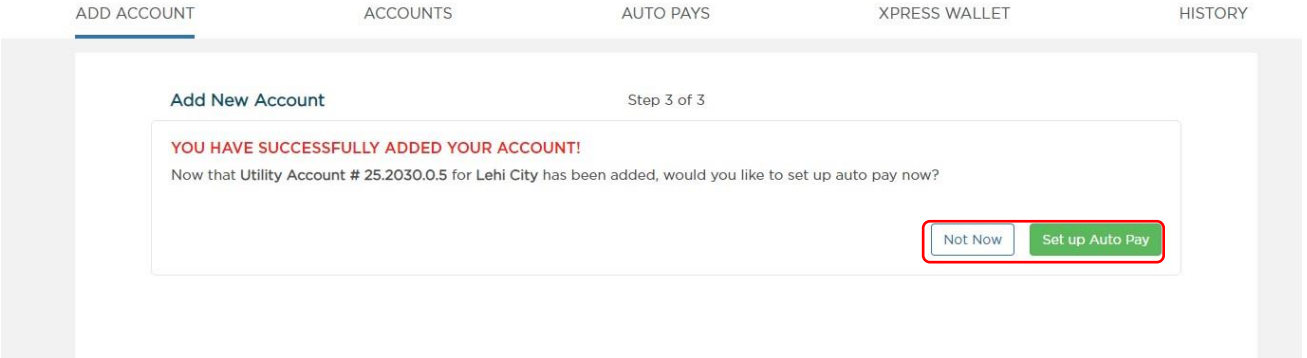

The existing payer will be notified that you are being added as a payer on this account.

Opt in for Paperless

The information for the specified account will populate. If the information is correct, click the green **Add Account** button. This will link the bill to your account to view and pay.

You will also be asked if you want to set up Auto Pay, or you can click **Not Now** (you can still set it up at a later time).

Once your bill is linked, it will be listed under the **Accounts** tab on the top menu bar.

Auto Pay Setup

To set up Auto Pay, click on the Auto Pay toggle on the **Accounts** page. You can also click on the **Auto Pays** tab, and set it up from that screen.

Part 1 of the Auto Pay setup is **Schedule**. On this screen, you can select the Auto Pay to run based on the due date (0-5 days before the due date). Having the Auto Pay run based on the due date can help ensure there are no accidental late payments.

You can also schedule the Auto Pay to run on a set day each month by clicking the **Based on a Calendar Date** option. This option can be scheduled to run monthly, bi-monthly, quarterly, semi-annually, or annually, after the start date.

You can also set up an end date for the Auto Pay (optional). Click **Next**.

Part 2 of the Auto Pay setup is **Amount**. Here you can select **Pay Full Bill Amount**, which will pay the full amount due on the bill each time the Auto Pay runs. You can also set a Safety Limit amount. The Auto Pay will never run for more than the Safety Limit amount.

You can also select **Pay Set Amount**, if you want to pay the same amount each month. When this option is selected, the Auto Pay will run for that amount each month, even if no bill is due. Click **Next**.

Part 3 of the Auto Pay setup is **Method**. This is where you specify your payment method for your Auto Pay. You can pay by bank account or debit/credit card.

Hit the drop-down box labelled **Primary Payment Method** and select either **Add Primary Payment Method** or select a previously saved payment method. You can also set up backup payment methods. Please note that credit/debit cards will need to be updated when you receive a new card for any reason, such as a new expiration date.

Step 4 of the Auto Pay setup is **Notifications**. This allows you to set up your notification preferences. To turn off/on specific notifications, click on the toggle buttons. You can also enter an additional email here if you need the Auto Pay notifications to go to multiple email addresses.

Part 5 is the **Summary**. Verify that the information is correct, then click **Save Changes**. Your Auto Pay will now be active, and run until you cancel it, or until the specified Auto Pay end date is reached. Please note that after 3 consecutive failed credit card payments, or one failed eCheck payment, the Auto Pay will automatically disable.

Once your Auto Pay is set up, you can edit any of your settings by clicking on the "Auto Pay" tab on the menu bar, and then select **Edit**. You can also disable the Auto Pay at any time.

Xpress Wallet

The Xpress Wallet is a safe, secure storage for your saved payment methods. Once payment methods are entered and stored, they will be encrypted, and available to identify by the last four numbers of the card or bank account. Saving methods in your Xpress Wallet not only saves time when making future payments, it is safer than entering your payment method each time, as most credit card theft online happens at the point of entry.

You can edit any of your stored payment methods in the Xpress Wallet, and also delete any of your saved payment methods.

To save your payment method, first select the type from the drop-down menu and enter the required information. Once the form is filled out, click Save.
