1. INTRODUCTION

1.1. *Purpose*

The purpose of these Minimum Insurance Requirements is to set forth the insurance coverages and limits established by the Truckee Tahoe Airport District (TTAD).

1.2. *General Provisions*

These Minimum Insurance Requirements incorporate, by reference, the General Provisions. The terms identified by use of a capital letter in these Minimum Insurance Requirements are addressed in Section 1.2. of the General Provisions.

2. MINIMUM INSURANCE REQUIREMENTS

Commercial Aeronautical Operator

Commercial Aeronautical Operator (Operator) shall procure, maintain, and pay all premiums throughout the term of an Agreement for the applicable insurance coverages and limits required by Legal Requirements and set forth in Attachment A (Minimum Insurance Requirements) for Operator's Activities. The insurance company or companies underwriting the required policies shall be authorized to write such insurance in the State of California (with a Best rating of A or above) or be approved in writing by the TTAD.

- When coverages or limits set forth in Attachment A (Minimum Insurance Requirements) are not commercially available, appropriate replacement coverages or limits must be approved in writing at least 60 calendar days in advance by the TTAD.
- The TTAD reserves the right to require more or different coverages or limits based on entity's individual risks or exposures associated with Operator's Activities.

When Operator engages in more than one Activity, the minimum coverages and limits shall be established by the TTAD and may vary depending on the nature of each Activity or combination of Activities, but shall not necessarily be cumulative.

- While it may not be necessary for Operator to procure and maintain insurance for the combined total of the minimum requirements of each Activity, Operator shall procure and maintain insurance for all exposures in limits at least equal to the greatest of the required minimum or as established by the TTAD.

All insurance policies, which Operator is required to carry and keep in full force and effect, shall contain, or be endorsed to contain, the following provisions.

Liability policies shall contain, or be endorsed to contain, the following provisions:

- "Truckee Tahoe Airport District and/or the Board of Directors, individually and collectively, and its representatives, officers, officials, employees, agents, and volunteers are to be covered as additional insured with respect to: liability arising out of activities performed by or on behalf of entity; premises owned, leased, occupied, or used by entity; or vehicles, equipment, or aircraft owned, leased, hired, borrowed, or operated by entity. Such insurance shall provide primary coverage and shall not seek any contribution from any insurance or self-insurance carried by agent or the Truckee Tahoe Airport District."
- "Such insurance, as to the interest of the Truckee Tahoe Airport District only, shall not be invalidated by any act or neglect or breach of contract of entity. Any failure to comply with reporting or other provisions of the policies, including any breach of warranty, shall not affect coverage provided to Truckee Tahoe Airport District and/or the Board of Directors, individually and collectively, and its representatives, officers, officials, employees, agents, and volunteers. Entity's insurance shall apply separately

MINIMUM INSURANCE REQUIREMENTS

to each insured against whom claim is made or suit is brought, except with respect to the aggregate limits of the insurer's liability."

- "Coverage shall not be suspended, voided, or canceled by either party or reduced in coverage or in limits except after 30 calendar days prior written notice, 14 calendar days prior written notice for cancelation for non-payment of premium, by certified mail, return receipt requested, has been given to Truckee Tahoe Airport District."

Companies issuing required insurance policies shall have no recourse against the TTAD for payment of premiums or assessments for any deductibles that are the sole responsibility and risk of the Operator. Certificates of Insurance for the insurance coverages required by Legal Requirements and set forth in these Minimum Standards shall be delivered to the TTAD upon execution of any Agreement, or when approval is given by the TTAD to conduct Activities. Thereafter, Operator shall provide Certificates of Insurance to the TTAD every 12 months. In addition, Operator shall furnish a Certificate of Insurance if any change (e.g., changing underwriters, coverages, or limits) occurs.

- The coverages and limits stipulated herein represent the minimum coverages and limits that shall be maintained by Operator, at all times, to engage in Activities at the Airport.

Operator with known environmental contamination exposures shall be required to secure appropriate environmental liability insurance with coverages and limits appropriate for the type and level of environmental contamination exposure risk, as determined by the TTAD.

Contractor
